## MILITARY INSTALLATIONS, LEGNICA, POLAND

This report is a partial answer to DIA requirement DIA-AP1-63-88, to verify or pinpoint the location of Soviet military installations in Poland and to perform a photo analysis to determine boundaries of the installations, to determine function, number and dimensions of buildings, to estimate troop capacity, to identify and describe related training areas and facilities and ammunition or POL storage. This report covers seven installations in the Legnica area. The installations observed are keyed alphabetically to Figure 1 and numerically to the requirement.

This report is a supplement to PIR 32-59 1/ which was based on TALENT photography. TALENT photography was also used to compile this report. In addition, the best available KEYHOLE photography was used to determine changes in the installations and to compute dimensions of buildings erected since [REDACTED]
